Dear Mr. Poma,

### **Situation Assessment**

**Universal Plumbing & Heating (UPH)** believes they may be vulnerable to organizing by the **5 States Pipe Trade Association Local 525 (UA525)**, at their Nevada location(s) and the UA525 would likely be seeking to become the exclusive bargaining representative for **UPH** Plumbers.

### **Objective**

To educate the **UPH Plumbers** of their rights under the National Labor Relations Act and inform them of the consequences of third party interference. To determine the extent of vulnerability and to help **UPH** management team navigate the pitfalls of an organizing campaign.

### **Intervention(s)**

RWP Labor will provide consultant(s) to communicate with the employees and management team on multiple impact points including management training and analysis.

### **Payment Terms**

We have agreed to the terms of a flat daily rate of **\$3,500** per day per consultant plus reasonable expenses. The balance will be invoiced weekly until completion of the campaign. Invoices will be payable upon receipt. Invoices not paid within 30 days of receipt will be subject to a 3% penalty to be assessed per month until payment is received. Reasonable expenses are defined as reasonable hotel and transportation costs (air and ground) plus \$65 per diem for meal allowance.

The relationship of RWP to **UPH** is that of an independent contractor and nothing herein shall be construed as creating an employment, joint employment or agency relationship with Consultant or any of Consultant's employees or subcontractors.

### **Confidentiality**

RWP Labor acknowledges that it and/or its consultants may receive confidential and proprietary information from **UPH** regardless of whether such information is marked or identified as confidential. Because the unauthorized disclosure of confidential information would result in serious harm to **UPH**, RWP Labor and/or its consultants must only use confidential information to perform its obligations under this Agreement.

All confidential information remains the exclusive intellectual property of **UPH**. Upon completion or termination of this Agreement, RWP Labor and/or its consultants shall promptly give **UPH** all confidential information back to **UPH**.
